- Their name and school included on the playing card.

### Background

Central Manchester University Hospitals NHS Foundation Trust (CMFT) has developed CHAMP (Children's Health and Monitoring Programme). CHAMP is an online feedback tool for parents to view and monitor their children's growth. The CHAMP website can be found at [www.champ.cmft.nhs.uk](http://www.champ.cmft.nhs.uk).

### CHAMP Trumps

CHAMP is creating a card game called 'CHAMP Trumps' that features characters based on food and drinks. The game is based on the famous trumps format whereby each card has its own name & character and cards are pitted against other cards. Cards have 5 categories and each card has its own values, therefore cards with the best values beat other cards.

### How to Enter

To enter the competition please fill-in the 'Competition Entry Form' on the next page. Please choose up to 3 foods or drinks from the list and then suggest a 'character name'! If you wish you may choose a food or drink that is not on the list as your 3<sup>rd</sup> suggestion. There is also a 'Tell us more' column where you can give information about your character idea or even draw a sketch!
