

Friday 17th June

This week Year 5 have had an exciting time with two activities out of the school grounds. On Monday they went to the Cooperative Academy and took part in a taster day to get some experience of what life is like at a high school, then on Wednesday they went on their class trip to Eureka, which was full of exciting, hands-on activities related to science. The behaviour on both occasions was excellent and the children thoroughly enjoyed them (see the website for pictures).

Year 6 have been busy starting to learn their lines and making props for this year's performance, which promises to be a good one. They have also been working hard on some excellent piece of writing from different genres.

Just a reminder that next week there are the transition days to the Cooperative Academy on Wednesday and Thursday. Friday is a school INSET day so the children will not be in.

Homework Marks This Week

Homework:

Spelling:

Homework this week.

Spellings

(Y5) - Words from the core list.

Maths

Y5 – p21 of the maths book.

Other Y6

Science revision.
