

Be Internet Legends.

FREE internet safety event for your family!

Take part in fun, interactive family activities and learn how you and your children can get the best from your online lives in a safe and positive way

 **Google Digital Garage,**
39-43 King Street, Manchester

 **Wednesday 24 October**
10am - 12 noon or 2 - 4pm

You are invited to a fun internet safety family event during autumn half term at the Google Digital Garage in Manchester. Google and Parent Zone are hosting two sessions as part of their Be Internet Legends programme, helping children to be safer and more confident explorers of the online world.

The internet is the perfect place for children to learn, explore and engage in the things they love. But as a parent or carer, you know how crucial it is to ensure they can recognise when they may be at risk – through viewing inappropriate content or sharing their personal details. This event will help you and your children to engage in the best of the internet together and learn how to tackle those tricky moments.

[REGISTER HERE](#)

The event is aimed at children aged 7 to 11 years old but older and younger siblings are welcome! Please register your interest before 12th October to avoid missing out.

If you have any questions, please contact legends@parentzone.org.uk.

We hope to see you there!
